

LEADING EDGE CONCEPT AND DESIGN

Palmieri Furniture

Refined. Classic. Enduring. Palmieri's Aspen collection pays tribute to centuries past in its distinctive Mission-style design and in the handcraftsmanship that is devoted to each piece.

LEADING EDGE CONCEPT AND DESIGN

Palmieri Furniture

WORK SURFACES

Resilient .050" thick high-pressure plastic laminate is enwrapped with a slightly radiused solid hardwood band. The long and/or front edges of display tables, index tables, PAC tables and all carrels receive a $\frac{3}{8}$ " x $1\frac{3}{8}$ " external band.

Rectangular reading tables feature $2\frac{3}{4}$ " x $1\frac{1}{4}$ " edge bands along the short sides (square reading tables along all sides), and $\frac{3}{8}$ " x $1\frac{1}{4}$ " bands along the long. Circular reading tables receive a $\frac{1}{4}$ " x $1\frac{1}{4}$ " edge band.

Work surfaces of tables and carrels may be fitted with 3" diameter grommets and with various electrical options including steel J-channels for wire maintenance.

PANELS

Clean lines and a classic pilaster-and-rail design are hallmarks of the Aspen collection's Mission styling. The solid hardwood panel bases of rectangular reading tables, for example, feature two square legs and five vertical pilasters buttressed between two horizontal rails.

All other end panels in the Aspen range are solid; three vertical hardwood pilasters are inset against a grade "A" veneered face. A $1\frac{3}{4}$ " x $2\frac{1}{2}$ " eased hardwood edge frames each panel, their horizontal members overlapping the vertical.

Back panels and mid panels are grade "A" veneered particleboard. All external edges receive an eased solid hardwood band, and shelves feature the added detail of a solid hardwood valence. Back panels end 3" above the floor.

SEATING

Side chairs and armchairs boast solid hardwood frame construction with slightly radiused edges. Their classic vertical slat-back design is assembled using mortise and tenon joints. Solid hardwood seats

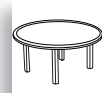

are slightly saddled for comfort; upholstered seats feature $1\frac{1}{2}$ " thick firm grade foam.

THE ASPEN PRODUCT LINE

The Aspen line of furnishings is available in a variety of standard finishes.

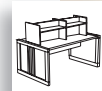

For complete product line details, please consult the Palmieri Furniture Ltd. Product Specification Manual or contact your local Palmieri Furniture dealer.
