

LEADING EDGE CONCEPT AND DESIGN

Palmieri Furniture

With its elegant balance of rich hardwood and airy glass, the Palmieri Bannister collection pays tribute to historic Old World design and handcraftsmanship. Bannister's commanding presence has a home in some of North America's most prestigious learning institutions.

LEADING EDGE CONCEPT AND DESIGN

Palmieri Furniture

WORK SURFACES

- Tabletops are constructed of 1 1/4", three-ply particleboard core
- Top surfaces receive a durable .050" high-pressure plastic laminate sheet
- Solid hardwood edgeband features a distinctive knife-edge
- All edges and corners are slightly eased
- Work surfaces may be custom fitted for wire maintenance

The Bannister work surface is framed with a solid hardwood band featuring an elegant eased knife-edge.

PANELS

- Tables feature panel bases framed with heavy vertical and horizontal solid hardwood
- Apron rails and the lowest horizontal panel member are slightly arched

Power channels in Bannister modular computer carrels may be concealed in the base behind a custom solid panel.

- Panel base exteriors are inset with solid hardwood bands in a modern interpretation of the Jacobean paneling style
- Panels may be custom fitted with electrical options and wire maintenance accessories
- Carrel end panels are 1 1/4", three-ply particleboard core, faced with plain sliced, grade "A" veneers; external edges receive heavy solid hardwood bands

The unique panelling design of Bannister reading table bases complements that found in many historic libraries, including the Methuen, MA-based Nevins Memorial Library.

- Panels feature a 20° waterfall arch from back to front
- End panels may be custom fitted with clear or frosted glass inserts and hardwood mullions

The waterfall arch of carrel panels helps create the distinctive Bannister profile.

THE BANNISTER PRODUCT LINE
