

LEADING EDGE CONCEPT AND DESIGN

Palmieri Furniture

Gleaming hardwoods, clean design lines and continuous bullnose edges make Palmieri's stylish and contemporary Monaco collection a feast for the senses of sight and touch.

LEADING EDGE CONCEPT AND DESIGN

Palmieri Furniture

WORK SURFACES

Monaco work surfaces are 1 $\frac{1}{4}$ " 3-ply particleboard enveloped by a durable high-pressure plastic laminate coating. Edges are finished with a solid hardwood border, radiused to a full bullnose detail. A subtle $\frac{1}{2}$ " v-groove detail highlights the juncture of laminate and solid.

Work surfaces may be fitted with various electrical options including 3" diameter grommets and steel J-channels for wire maintenance.

PANELS

Monaco's panels are comprised of a 1 $\frac{1}{4}$ " particleboard core faced on both sides with plain sliced veneers. All external edges feature a $\frac{1}{8}$ " solid hardwood band, radiused to a full bullnose detail.

Panels extend $\frac{1}{2}$ " above the work surfaces of all Monaco table designs. In a complementary design feature, the back panels of all carrels are recessed $\frac{3}{4}$ " from the top edge of side panels. Similarly, the side panels of atlas and dictionary stands extend $\frac{3}{4}$ " beyond their cabinets.

Shelves are grade "A" veneered $\frac{3}{4}$ " particleboard, finished with a $\frac{1}{4}$ " solid hardwood band at the front edge (atlas and dictionary stands receive a solid retainer lip/book support rail). Shelves are mounted to panels via hidden keyhole fasteners; rack configurations attach to tabletops using wood screws.

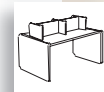

PEDESTAL BASES

Monaco round and square reading tables receive pedestal bases, each of which is comprised of four leg members in a pinwheel configuration. Solid hardwood, the right-angled pedestal members assemble along the vertical via a $\frac{1}{4}$ " steel plate.

■ Atlas Stand

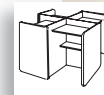

■ Combination Atlas-Dictionary Stand

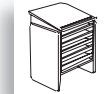

■ Dictionary Stand

■ Display Table

■ Index Table (Four- or Six-Place)

■ Library Desk
